Ludy Craftsmanship

- Did you know that all greenhouse manufacturers and equipment suppliers recommend regular maintenance for their products?
- Did you know that Ludy can provide service and repair to all types of greenhouse structures and the related equipment?
- To get started, Ludy can make an initial site visit to determine the equipment in your greenhouse or you can provide a detailed list of equipment along with pictures which we will utilize to provide you with a quote.
- Efficiently operating equipment will reduce energy costs.
- Our highly experienced technicians will perform the manufacturers recommended maintenance. We will thoroughly inspect each piece of equipment that we service and provide a written summary with the findings along with our recommendations.
- We will repair your equipment with ONLY original manufacturer specific parts (if available).

For information or pricing, please contact Ludy at 800-255-ludy (5839), by fax 937-996-8031 or e-mail info@ludy.com
